OLD COLONY TRUST CO., BOSTON, Trustee.

The Dallas Power and Light Company acquired by purchase on September 29, 1917, all the properties of the Dallas Electric Light & Power Company, which had been conducting an electric light and power business in Dallas, Texas, for 16 years.

The Company does substantially all the electric light and power business in the city of Dallas, the leading manufacturing, commercial and financial center of the State of Texas.

These Bonds will be secured, in the opinion of counsel, by a direct first mort-gage on all properties and franchises of the Company. The Company will have no other funded debt, upon completion of the present financing.

New franchise approved by popular vote of City on April 3, 1917, established a definite "Property Value" now amounting to about \$6,200,000, against which, the mortgage provides, not exceeding \$5,000,000 of these bonds may be issued, including the \$4,500,000 now offered.

Under the new franchise the Company is now authorized to reserve out of net earnings, as a first charge, 9% on the "Property Value." On \$6,200,000, this 9% amounts to \$558,000, or more than twice the \$270,000 annual interest on these \$4,500,000 First Mortgage Bonds.
